DALY CITY, SAN MATEO COUNTY, CALIF., THURSDAY, JANUARY 5, 1950

VOLUME 46, NUMBER 49

SO WHAT

By Gil Wales

With the bouncing new babe—1950—upon us, just about everyone is pondering over what this year of our Lord holds in store during the ensuing 12 months. Usually, there are two overall questions puzzling our perked up senses at this time. 1. Will the plans we are making work out according to our aims? 2. Will dame fortune smile in our direction in regard to financial matters?

Well, the best we can do in reference to the first poser is wish you well most sincerely. But in connection with the second problem, there is mighty good news in store for each and everyone of us.

It so happens we have been keeping tabs on the prognostications and interpretations of most all of the experts enant business and almost without exception, they agree that the 1950 picture is very bright and rosy, to put it mildly.

Yes, generally speaking, the financial wizards, after probing and digging down into all of the dark spots come up with the view that this country is pushing forward into an era of prosperity which is nationwide in scope.

Well, we don't know how that makes you feel but it sends a thrill down our spine. You know, most all ways, even during the recent all-time high years, there have been at least a few killyos who foisted foul findings on us to the effect that there were no less than several dark clouds on the horizon, por-

(Continued on Page 2)

D. C. Improvements Under Full Steam

With Blyth & Co. due to deliver Daly City \$396,000 in bonds sometime after January 15, plans were going ahead full speed today for the War Memorial building and park improvements.

Mayor Paul Green said today that Blyth would deliver the printed bonds by January 15. Shortly after, the money, to be paid back over a period of approximately 20 years, will be delivered.

Meanwhile, Mario Ciampi, architect for the War Memorial building, is drawing up final working plans, Mayor Green said. These plans should be ready by early spring, and work on the \$275,000 structure at Alameda and Mission will begin at that time.

In the park department, improvements will begin at Marchbanks next month. Vernon Dean, landscape architect, has completed plans for Lincoln park and is now working on a park in the Edgewood district.

Property involved in other parks is to be purchased by the city shortly, Mayor Green stated.

Father Philip Collopy Ordained

Following in the footsteps of his three other brothers, Father Philip H. Collopy, OFM, former Daly City resident, was ordained last Tuesday, December 27.

Father Collopy was born here in 1923 and attended OLP school before entering the Franciscan Seminary in Santa Barbara where he was ordained in the Old Mission by Archbishop James McIntyre of Los Angeles.

Friends of Father Collopy will be glad to learn that January 15, at 9 a.m., he will celebrate a first Solemn Mass in Our Lady of Perpetual Help Church. He will be assisted by his brother, Father Aidan Collopy.

The newly ordained priest is the son of Mrs. Elsie Collopy and the late Terence Collopy. Mrs. Collopy's three other sons in the priesthood are Colman, Ronald and Aidan.

ANOTHER COLLOPY SON ORDAINED

Standing directly behind his mother, Mrs. Terence Collopy, is Father Philip Collopy, OFM, who was ordained last Thursday. With Mrs. Collopy are her three other priest sons. They are, left to right, Colman, (Philip) Ronald and Aidan. Father Philip Colman, who was born in Daly City, will celebrate a first Solemn Mass in Our Lady of Perpetual Help Church January 15 at 9 a.m.

CITY COUNCIL AGENDA

Work On Concordia Assessment District Main Business Monday

When the city council holds its regular meeting Monday, the principal business will be the Concordia assessment district.

The council is to pass a resolution of intention setting up the district in the Concordia area. Roughly, this calls for new streets, sewers and sidewalks in the northeast portions of Frankfort, Whittier, Bellevue, Edgemar, Oliver, Lowell, Gutenberg and Mar Vista drive.

Also it is expected that the council will set a date for a last public hearing on the district. All land owners in the area will be notified of the date for this hearing.

To date there is no more word on the Starlight chain outdoor theater, planned just outside of Edgemar and Lowell streets. This, however, is now a separate issue, and whether or not the theater will help to pay for the assessment district must be decided at some future date.

Another item up for consideration Monday night will be the ordinance to create the job of city administrative officer. This ordinance will not go into effect for 30 days after passage, and will cancel a previous ordinance creating the post of city manager.

It is expected that the new official will be appointed shortly after the ordinance becomes law.

Following the regular council meeting, a caucus of city councilmen will be held.

At that time, Mayor Paul Green said, the council will hear a report on the extension of White street by County Engineer M. A. Grant.

Readers will remember that residents of Broadmoor and Westlake are pressing for a street to connect the two areas. It has been proposed that a road will be put in some 300 feet east of White to tie 87th street with Highway No. 1 and the Westlake area.

Mayor, Council Attend Meetings

Mayor Paul Green and city councilmen today, January 5, attended two meetings of interest to local residents.

The mayor met with the Joint Highway District No. 10 for a discussion on Junipero Serra boulevard. It is hoped that from the meeting will come closer cooperation between the two governing bodies on future activities on the boulevard.

Meanwhile, City Councilman A. J. Gaggero, Fred Bertetta and Edward Mooney attended a meeting of the North County Council in South San Francisco. Mayor Paul Green was unable to attend.

The Council discussed various items of interest to residents in northern San Mateo county.

As both meetings were held after press time, a full report can not be given at this time.

License Fee Money Comes Home Again

There's one consolation when you put money over the counter for a new license... some of the money is coming back to Daly City.

Mayor Paul Green reported that the city will receive \$6,336.31 as its share in the motor vehicle license fees.

This money will, in effect, be turned over to the general fund and used in general for police and traffic work, the Mayor said.

JACK FROST REIGNS IN D. C.; TWO ARE INJURED ON ICE

Slipping on ice, two Daly City women suffered injuries Wednesday as this city recorded some of its coldest weather in 75 years.

Injured were: Mrs. Neogia Bunner, 259 Frankfort street, and Mrs. Laura Martin, 159 Flournoy street. Both women fell down the front stairs of their homes early Wednesday morning when they lost their footing on the ice.

Junipero Serra hospital authorities report Mrs. Martin is still in the hospital with a "badly strained back." Mrs. Bunner was sent home after treatment for a fractured left wrist.

Outside of these two accidents, the only toll cold weather took in Daly City could be seen in red and running noses. Drug stores reported a booming business in cold remedies, as hundreds of citizens failed to adjust themselves to temperatures which ranged in the low 40s and 30s.

Thermometers Tuesday night registered a low of 30 degrees. This is reported to be the coldest January 3 in Daly City for the past 75 years.

Some let up in the cold wave was expected later in the week, as the weather men predicted rain and winds from the north and the Pacific Ocean.

Sewage Plant Cost Considered Monday

Tentative plans and costs of a sewage treatment plant for Daly City will be presented to the city council Monday night by R. A. Klassen, city engineer.

This is the latest development in Daly City's effort to find some method other than the ocean (now outlawed by state law) for dumping refuse.

Earlier, the council gave Klassen the green light to proceed with the plans, after it was found that tying in with the San Francisco Sunset sewage treatment plant may prove too expensive.

Monday night, with both figures before them, the council will be in a better position to judge whether building, or using the San Francisco plant will be the cheaper.

However, to date it appears that the council will go ahead with plans for the sewage treatment plant.

This Ain't S. F. Brother; WE Like Our Town CLEAN!

Demonstrated once again this week, on the front page of a San Francisco shopping news circulated in Daly City, was the marvel of puerile writing and illogical logic.

The newspaper attacked a recent plea by Police Chief W. W. Sunderland that Daly City residents report the presence of strangers, in order to halt a series of recent burglaries.

We have neither the space nor time to answer the paper's foolish tirade, which holds up the time-worn "witch hunt" as the purpose behind every effort to bring law and order to a community.

But just for the record: 1. Chief Sunderland prompted the story in the "Record," and said: "It has always been the policy of this, and many other police departments in small communities to ask for assistance by citizens. We welcome the story in the 'Record'."

2. Daly City is not San Francisco. What "big-town coppers" would call petty routine in the Bay City, is of vital importance to residents here, as demonstrated by their approval of the recent "Record" article.

We thank the San Francisco paper for its interest in this community, but hope next time it will at least get its facts correct.

LADIES OF COURT ST. MARY'S SEW CANCER PADS

Busy assisting the ill are these three officers of the Court St. Mary's No. 1155, CDA. The whole organization has pledged itself to sew cancer pads to help further the work started by Rose Hawthorne Lathrop. When the pads are completed they are sent to Antone Hospital Guilds institutions throughout the country. Here they are used to relieve the suffering of cancer patients. Chairman of this work is Mrs. Evelyn Weckerle, left. She is assisted by Mrs. Jenny Johnson, co-chairman, center; and Mrs. Elizabeth Weststein, Grand Regent of the organization. (Photo by Myra)

Ladies Of Court St. Mary's Modern Angels Of Mercy To Cancer Patients

By Mrs. Arthur Heyden
With a long record of public service behind them, ladies of Court St. Mary's No. 1155, CDA, enter the New Year with a permanent project to aid the sick.

Working many long hours each week, the women diligently sew cancer pads to be used in many hospitals throughout the country.

The pads are made in several sizes with soft white material filled with cellulocotton. This latter product is provided by the Antone Hospital Guild.

Behind the name of the aforesaid Guild is the story of Rose Hawthorne Lathrop and her untiring work among cancer patients. While 1946 marked the 50th anniversary of her labors, the Golden Jubilee will be celebrated this year; for 1950 marks the anniversary of the reception of the servants of relief into the Dominican Order, which assured permanence to her work.

It was after the ladies of the Court heard a report on the work of Rose Lathrop and her co-worker, Alice Hieber, that they decided to give the making of cancer pads their full support.

As all Catholics know, the two ladies later became Sisters Mary Alphonsa and Mary Rose of the Order of St. Dominic. It is this order, today partially supported by the work of the Daly City women, that has dedicated the lives of its members to serving the poor afflicted with incurable cancer. This work is done free of charge, regardless of race, color or creed.

The hospitals so far founded by this wonderful Angel of Mercy number six, and are located in eastern and southern states.

Representing the west coast in this fine work and vice-president of the Antone Hospital Guild is Mrs. Rose A. Kelly, a member of the Court San Jose, CDA.

Anyone interested in a permanent project to further this good work is asked to contact Mrs. Kelly through the Court San Jose.

Here at home, donations of clean, used white sheets would be greatly appreciated by Court St. Mary's. These may be donated by calling either JUniper 7-5289 or ATwater 2-4218.

Council Rejects Housing Project

For lack of a site there won't be any low cost housing units in Daly City for some time to come.

This was the answer of Daly City's council today to a plan proposed by the San Mateo County Housing Authority for 250 low cost units in Daly City.

In a letter to the Authority, Mayor Paul Green said, speaking for the council:

"An analysis of sites, coupled with an examination of planned private building development in Daly City, demonstrates that there is no suitable site within the city for a public housing project."

The Mayor also said that the council could find no site "in the fringe area" of Daly City for such a project.

Earlier, the "Record" reported that the city council would reject the Authority's offer to serve Daly City for low cost housing.

D. C. Elementary School Enrollment Reaches New High

Attendance in Daly City's elementary schools has reached a new high, with an average enrollment of 2,080 already this year.

This was the report today from James L. Snell, superintendent of the Jefferson elementary school district.

Snell asserted that one year ago the enrollment was 1,798. He added that the figures for the current year will be somewhat reduced as no new kindergarten or first grade pupils are to be enrolled during the second half of the year. This is in keeping with the district's new no mid-term promotion program.

However, by next fall the increase in enrollment will probably be almost double that incurred this year. Snell said the greater number of pupils would be those not admitted during the mid-term, and who by fall would be "knocking on the doors" of the elementary schools.

Thieves Fail At Palen's

Looking for cash and not gas, unidentified thieves broke into the Al Palen service station, 5900 Mission street, Monday night.

Although they turned over several boxes and containers in the station, the thieves were unable to find anything of value, Palen reports. Palen said nothing was stolen.

Entry was gained to the station by breaking the lock off the front door of the building.

Palen reports that the thieves did not tamper with the main building, wherein Palen carries on his Willys-Jeep service.

LIONS' SANTA IS MOTORIZED

Preferring a pick-up truck to reindeer, the Lions' Santa Claus distributed toys to less fortunate children in Daly City Christmas Eve. All of the toys were contributed by local citizens, and the drive was sponsored by the local Lions Club. Behind the pillows is none other than Mel Battye. Behind him to the left is D. C. Anderson, Daly City Theatre manager; Arnold Panella, chairman of the drive; Elio Fontana, Lions Club president.

MORE TRAFFIC CONTROL \$52,000 Program Of Signals, Channels Promised For Daly City This Summer

Last Jeff Elem. District Mid-Term Class To Graduate

The last Jefferson Elementary school district mid-term graduating class will receive diplomas January 27, it was learned today. As the school district has abolished mid-term promotions, this will be the final class to receive diplomas in the middle of the year.

There are to be 45 students graduated; with 21 from Crocker, 15 from Jefferson and 9 from Woodrow.

Theme for the graduation will be "Democracy, Everybody's Job," and will be developed by student speakers.

Diplomas will be presented by James L. Snell, school superintendent.

Further details on the graduation, to take place at 8 p. m. in the Jefferson High school auditorium, will be printed in later issues of the "Record."

Faint-Hearted Robber Foiled By Fast Talking

While a would-be robber held a gun leveled at his heart, Harry Ojakian, manager of Harry's Market, 5524 Mission, talked the thief out of robbing his store New Year's eve.

Ojakian told police that about 6:55 p.m. last Saturday he was counting up the day's receipts behind the counter in the front of his store. The establishment was empty when a medium-sized man, about 23 years old, entered and took several items off the shelf.

Coming to the counter, where Ojakian was counting his money, the unidentified man asked him for a carton of cigarettes. Ojakian told him they were in back of the store.

After he'd located the cigarettes, and was bringing them to the counter, the man whipped a revolver out of his right hand coat pocket.

"This is a stickup," he said.

Taking a careful look at the black gun, Ojakian was convinced it was not real. He then took a step toward the front of the store, and the door.

As Ojakian moved toward the door the robber screamed:

"Don't move."

"This is a joke," was Ojakian's only comment.

As Ojakian reached the door, the thug waved the gun menacingly, and again repeated:

"Don't move."

Ojakian's only answer was: "You can't hit me."

That proved too much for the faint-hearted thief. Sticking the gun back in his pocket, he broke for the door and dashed down to Theta street.

The last time Ojakian saw the robber he jumped into a car, driven by an unidentified woman, and sped down Santa Barbara street.

Police are still uncertain whether or not the gun used in the holdup was actually a toy as Ojakian believed, or the real thing.

A \$52,000 traffic control program for Daly City is to be a reality after the summer of 1950, Mayor Paul Green announced today.

Only this week the city council received word from the State Division of Highways that the state had completed plans for new traffic signals and channelization (traffic separation). The city council has been pressing for the improvements for the past several months.

Traffic control points will be located at the intersection of San Jose avenue, Hillcrest drive, Wellington avenue and Mission; the intersection of Market and San Pedro road with Mission.

Also promised are traffic signals for the intersection of Highway No. 1 (westerly leg of Alameda boulevard) and Junipero Serra boulevard. This also will be accomplished during the summer.

The Division of Highways noted that it would also observe traffic on Mission between Hillcrest drive and Market street for possible future signal installations at major intersections.

The aforesaid program is to be financed by Daly City's allocation of state gas money, Mayor Green said. The program was made known in a letter from J. H. Skeggs, assistant state highway engineer, responding to a letter written by Mayor Green last October, in which the city called attention to the need for traffic control measures.

The installation at Mission street and San Jose avenue will consist of traffic-actuated signals controlling traffic from Mission street, San Jose avenue, Bepler street, Wellington avenue and Hillcrest drive. The signals will be arranged in three phases or movements.

Channelization (traffic separation) will extend southward to Hillside boulevard to provide a left turn lane for southbound traffic entering Hillside.

The same three phase signals will go in at Mission and Market and San Pedro road. The traffic here also is to be separated.

Meanwhile, the mayor announced tentative plans have been completed with the Pacific Gas and Electric Co. for installation of high lumen mercury street lamps the length of Mission, from the county line to Market street.

The new lamps will be the same type now in operation at the "top of the hill." Mayor Green said they are calculated to make Mission street in Daly City the best-lighted strip of El Camino Real in the whole state.

Installation of the new lights has been scheduled for March of this year.

All of the improvements were worked out after studies and recommendations of the city council's street committee, composed of Mayor Green and Councilmen A. J. Gaggero and E. J. Mooney.

While Police Sergeant Away Thief Robs Home

Obviously in no fear of the law, a burglar last Friday evening broke into the home of Police Sergeant William Bolger, 43 Risel street, and stole \$25.

The same thief also paid a visit to Sgt. Bolger's next door neighbor, A. F. Munther, 39 Risel street. Going through the back door, left open by Mrs. Munther, the thief ransacked dresser drawers, but took nothing, police said. Thirsty from his evening's activities, the burglar went to the ice box, took out a quart of milk, drank it in the front room, then turned and walked out the back door.

Either after or before the Munther incident, the thief went up the back stairs of Sgt. Bolger's house and pried open a window overlooking the porch. Stepping through the window onto a basket of laundry the unidentified thug proceeded to work.

He entered two bedrooms and opened all metal containers. From his search he took in a \$20 bill, a jar full of 500 pennies and a 50-cent piece.

"I'll say for him," Sgt. Bolger commented, "he was very neat. He didn't disturb anything but the boxes, although there were other valuable items around the house." Police do not believe this is the same thug, known up and down the Peninsula as the "sox" burglar.

D. C. Man Faces Rape Charge

Charged with allegedly raping 11-year-old stepdaughter and threatening his wife's life with a 10-inch-long butcher knife, Robert H. Evanson, 26, 150 First avenue, is awaiting a preliminary hearing January 13.

The unemployed Daly City man was arraigned in Daly City police court Tuesday and is now in the county jail in lieu of \$5,000 bail on each charge. Next Friday's preliminary hearing will be before Judge W. J. Sweeney.

Mrs. Evanson called police at 5:30 a.m. New Year's morning and told them she had escaped to a nearby auto court after her husband had allegedly thrown the butcher knife at her.

As police were questioning Mrs. Evanson, her 11-year-old daughter ran up to them and said her stepfather had just attempted to assault her.

Police Chief W. W. Sunderland said that during questioning, Evanson had admitted intimacies with his stepdaughter for over a year.

Mrs. Evanson, 28, is the mother of five small children, three by a previous marriage and two by Evanson.

D. C. '49 Fire Loss Worst In History

Thanks to the \$466,700 King's Market fire May 25, Daly City chalked up the worst year for fire loss in its history.

Total loss from fire in Daly City during 1949 was \$489,770. This compares with \$28,900 for 1948 and \$17,335 for 1947. Disregarding the King's Market blaze, the fire loss for 1949 was \$23,070, or slightly lower than 1948.

There were a total of 150 alarms sounded here during the past year, as compared with 146 for 1948.

The majority of the alarms, 41, were false. Grass fires accounted for 32 runs, while house fires were close behind with 28. Auto and dump fires, 12 and 10, respectively, were also popular means of destruction.

These figures are approximately the same for the two years previous, with false alarms always heading the list, and grass and house fires following.

The monotony was somewhat broken up for the hose hoisters, this past year by two calls. One was to get a cat off a pole, and the other to rescue a dog from a drain.

All the aforesaid figures were in a report made to the city council by the Daly City Fire Department.

PTA District Offers Choral Work

A choral group open to all interested mothers from the PTA units in 17th District is being formed under the joint sponsorship of the San Mateo Junior College Adult Center and the District PTA.

Meetings will be held in the auditorium of Beresford Park School, 28th avenue and Hacienda, in South San Mateo. Sessions will be held each Monday morning at 9:30 beginning January 9.

Musical director will be Mrs. Granville Browning, Mills College graduate and former instructor of music with the Oakland public schools. The chorus will be a regular class in the Adult Center. Musical proficiency will not be a prerequisite for participation—a love of music and interest in singing being the only requirement.

Further details can be secured from Mrs. Archie Freeman (Fresno 5-0481) or Mrs. Fred Murdock (Fresno 5-2137), members of Beresford Park PTA, host for the project.

No. 14 Bus Line Goes On To Colma Despite Contrary Rumors

Bus service on the No. 14 line from Daly City to Colma will continue without interruption.

This statement, made today by D. C. Ormsby, San Francisco general supervisor of transportation, quashed rumors that the bus line would discontinue service in the near future.

The rumor arose out of the current efforts of Municipal Railway Manager William H. Scott to cut down expenses by curtailing certain bus lines.

New Broadmoor Water Rates Soon

New water rates for Broadmoor residents may soon be a reality.

The California Water Service Co., supplying the village with water, this week will file proposed rate changes with the California Public Utilities Commission.

It is estimated by the CWSC that the new rates will result in an annual savings of about eight per cent per home.

A savings of 30 cents would be had on service charges which are now \$1. Other charges under the new rate will be 285 per hundred cubic feet up to 26,000 cubic feet. Over 27,000 cubic feet would be 250 per hundred. The present rate calls for 36 per hundred cubic feet up to 600 cubic feet, and then 21 per hundred for everything over 600.

32 Building Permits For Westlake

A building permit for 32 more homes in the Westlake tract was issued Henry Doelger by Daly City last Thursday.

The value of the homes was set at \$271,904. This brought the total of building permits issued in Daly City last month to \$1,045,189, the greatest number having gone to Doelger. There were 107 new homes started here at \$973,339; 8 alterations at \$7,720, and 9 commercial buildings at \$64,130.

Meanwhile, other permits issued in the last days of 1949 went to:

H. H. Smith, 6848 Mission, \$600 cabin for auto court.

William Nadell, 160 and 164 Hillcrest, two five-room single family dwellings, \$14,000.

SO WHAT

(Continued from page 1)

tending gloom and unemployment. Mind you, we are not trying to say that there will be no soft spots in the entire setup. Naturally, that is asking too much. However, when the experts agree that business in general is slated for smooth sailing, it is safe to believe that most of us can count on a good measure of success.

As for the blemishes, the most talked of bugaboo is a rise in taxes. The unbalanced budget is bandied about as the reason for such dire forebodings, nevertheless, it seems that congress is decidedly wary concerning an upsurge on levies.

That's not hard to gather. Nearly without exception, the big money moguls insist that an increase surely would result in a business tail spin, and virtually no politico will stick his head in a noose that would cause a cascading slump.

With it all, we profoundly hope that the experts are right. Moreover, it is our cherished wish that everyone here especially, gains immeasurably during the next 360 days.

Touching on business stimulation brings to mind that right now the automobile industry has taken all the steps out and is pressing forward in high gear.

Have you glanced in the automobile establishments in the last few days? If so, you will have noticed that they have been and are beehives of activity.

Of course, the new cars arriving on the scene are the reason for the hustle and bustle. And we want to stress that the manufacturers have outdone themselves in regard to the new models.

One of the new features that has struck a responsive chord with us, is the greater amount of visibility. What a boon that will prove to drivers and passengers.

Factually, it seems to us that one of the greatest hazards in the former cars is the blind spots. Well, the pilot actually can see little other than directly in front.

On both sides, there are posts that blot out the view, while the rear is just about a lost cause, with the exception of a narrow and thin slit, so to speak.

Ah, but wait until you get behind the wheel of one of the new jobs. Holy smoke, you immediately wonder what was the matter with the fellows who designed the tonneaus in the past.

In any event, with the aid of the rear view mirror, you can see in all directions at once. Hence, it seems to us right off that numerous accidents will be avoided, not to forget the greater ease and comfort deriving from the all-around visibility.

Meanwhile, stop in the showrooms and examine the many innovations to be found in the new models. If nothing else, you will learn a great deal that will come in handy in reference to the car you are driving at the present time.

Again on transportation, we witnessed an incident the other day that seemed to be carrying things to the Nth degree.

We were wending our weary way along in an old 14 bus when all at once we looked across the street to notice a gendarme and a bus driver going at it hammer and tongs.

The latter was shouting that he wasn't going so fast, besides, he was late and had to step on the gas to make up time. Then we learned he was getting a ticket for speeding, of all things.

Now we ask you, is that the thing to do? No wonder it takes as much as a full hour to go downtown at times. No wonder the bus drivers don't seem to care about how the minutes fritter away.

You are aware that they have to answer for such infractions. Maybe they have to lose several hours in procedure. Therefore, it seems to us that the city fathers would do well to curb the cops in such matters except when the bus men are completely out of order.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE CITY AND COUNTY OF SAN FRANCISCO

In the Matter of the Estate of OLE J. SNEIDE, Deceased.

Notice is hereby given that BANK OF AMERICA NATIONAL TRUST AND SAVINGS ASSOCIATION, a national banking association, Administrator of the Estate of OLE J. SNEIDE, deceased, will sell at private sale in one parcel, to the highest bidder, upon the terms and conditions hereinafter mentioned and subject to confirmation by the above entitled Superior Court, on or after the 9th day of January, 1950, all the right, title, interest and estate of the said OLE J. SNEIDE, deceased, at the time of his death, in and to the real property herein-after described, and all right, title and interest that said estate has by operation of law or otherwise acquired, other than or in addition to that of said deceased at the time of his death, in and to the following described real property:

All that real property situated in the County of San Mateo, State of California, described as follows:

LOT FIFTEEN (15) in BLOCK THIRTY-ONE (31) as designated on the map entitled "Tract No. 1, Blocks 18-35 Belle Haven City, San Mateo County, California," filed for record May 28th 1932 in Volume 20 of Maps at Pages 5, 6, and 7, San Mateo County Records.

Terms and Conditions of Sale: Cash, lawful money of the United States, ten (10%) per cent of the purchase price to be deposited with the bid; balance on confirmation of sale by the Court. Deed and any policy of title insurance at the expense of the purchaser. Taxes to be prorated as of date of delivery of deed.

All bids or offers must be in writing and may be delivered to the undersigned Administrator at its Trust Department, located on the second floor of the Bank of America Building at 300 Montgomery Street, San Francisco, California, or may be filed in the Office of the Clerk of this Court, at any time after the first publication of this notice and before the making of the sale.

DATED: December 12th, 1949. BANK OF AMERICA NATIONAL TRUST AND SAVINGS ASSOCIATION, a national banking association, as Administrator of the Estate of OLE J. SNEIDE, deceased.

BRAKE INSPECTION

All automobile wheels should be removed at least once a year for a complete inspection of brake linings and brake drums, advises the California State Automobile Association. More frequent inspections are advisable if the car is used extensively. Neglect may cause severe damage to brake drums.

Placerville was a serious contestor with San Francisco and Sacramento in population and wealth in 1854.

Inyo county was organized in 1855 from portions of Fresno and Tulare counties.

CASH FOR YOUR HOME

San Carlos Faces \$5,175 Suit Over City Manager

One reason why Daly City has decided to abandon the city managerial form of government for an administrative officer can be seen in the present San Carlos dispute.

While the adoption of the ordinance to create the administrative officer's job will not be up for passage until Monday, it is almost certain to receive council approval.

Bearing out Mayor Paul Green's claim that the city manager may not be constitutional, under certain conditions, is the San Carlos case. On October 22, 1948, the San Carlos council passed an emergency ordinance creating the city manager's job. March 1, 1949 they appointed Howard Brod to the position.

Claiming the ordinance is not constitutional, R. A. Klassen, Daly City engineer, is the plaintiff in a new case to recover \$5,175 which he claims was illegally paid to Brod. This sum represents Brod's salary, which if the job is not constitutional, could not have been legally paid.

Klassen had Mayor Edward Burton and two city councilmen served with the complaint to regain the money at last Thursday's San Carlos council meeting.

The Daly City engineer, in the new taxpayer's suit, hopes to show the city manager ordinance unconstitutional.

It might also be noted that Klassen has named the council as defendants in another action to collect \$14,100 in fees they allegedly owe him for work on the San Carlos-Belmont sewage disposal project.

John W. Coleberd, attorney for Klassen in the city manager tan-

gle, asserts that as the city manager's job was created by an emergency ordinance, it is in violation of the state constitution.

Around Broadmoor Village

with Verna Duste

'Twas the night after New Year's and all through the town, not a creature was stirring, as the Alka-Seltzer went down — oops! there we go again, but after all, we were only expressing a few nation-wide sentiments, no???

The very last holdouts for the 1949 Pink-and-Blue Dept. are headed off with Walter Warren, up on Larchmont, who, along with his parents, the Warrens, celebrated the New Year.

Al and Cathy Averill delightedly greeted their Christopher, weighing 8 lbs. 3 oz., who arrived on December 29.

Greetings of the Week Dept. — To the folks on top of the hill, who are finally getting their street lights. Some Christmas presents, eh??

The American Legion Auxiliary wound up their year's business with their final business meeting, at which President Alice Bird asked "any wife, mother, sister or daughter that we have not contacted and who is interested in joining the American Legion Auxiliary to please call Mrs. Cleo Chesley, membership chairman, at JU 5-8803." The first aim for the new year is an all-out membership drive.

Visiting the John LePines over the holidays were Mr. and Mrs. John Velleau and their son Tracy, of Asoria, Oregon.

The Maynard Williams on Larchmont hosted Mabel Baisley from Monterey and Michael Bray, clear from Hawaii, to say nothing of Mr.

and Mrs. Thos. Whitten of Stockton, who all visited at various times over the holidays.

Salute of the Week — the Cub Scouts, who this week receive their badges, indicating that their organization is now completed, and who also this week are putting on their first community activity — namely, Saturday, January 7, has been designated as "Christmas-Tree-Burning Day" and that big event will take place on the corner of 87th and Washington streets. The boys are at present scouring Broadmoor and Garden Villages for discarded Christmas trees, so if they haven't gotten yours yet, bring it to the corner of 87th and Washington. The event will be supervised by Chief Louis Nannini of the Colma Fire Dept., who has kindly donated his time and services so that the burning may be properly supervised.

The Frankie Andrews on Washington showed Mr. and Mrs. E. Olson the sights of Colma and San Francisco as compared with those of Medford, Oregon, over the holidays.

Mr. and Mrs. Smith, children Marietta and Susan, and Mrs. Smith's mother, Mrs. Banks, spent the holidays toasting in sunny Santa Barbara with Mr. Smith's parents. Lucky people!

The Veterans of Foreign Wars Auxiliary of Lake Merced Post 5921 wound up a very successful year of community service with their last business meeting of the year. They ask that any Gold Star

mother in the vicinity of the post please contact Marjory Franklin, JU 7-8714. The girls are also asking that any public welfare institution interested in receiving the VFW National Auxiliary Bulletin also contact Marjory Franklin. Anyone interested in joining the Veterans of Foreign Wars Auxiliary is invited to call either Mrs. Franklin at the above number or Mrs. Edith Iacopetti, or Mrs. Kit Harding, at JU 8-8246.

Host and hostess Mr. and Mrs. Jack Ford, down on Washington, had a good time at their own party on New Year's Eve, from 4 to 7, with open house and fun for all.

The Roy C. Smiths on Maddux hosted Miss Barian Brown of Fresno over the holidays.

News from Garden Village — Roger Fiske, who spent all of Christmas week in bed with the flu, is feeling much better, thank goodness. Mr. Fiske's mother and father, Mr. and Mrs. William Fiske, spent the holidays here.

More seekers of warmer climes — the Earl Heralds on Village lane spent Christmas in Los Angeles with Mr. Herald's father.

Among the New Year's party givers were the Nate Temkins, who held open house for the employees of King's Market on December 21.

Well, kids, that about does it for the first column of the new year. Have you all made your resolution to give us a call when something "cooks" on your block? Good! See to it that you do! JU 5-1865.

BIG NEWS OF THE WEEK!! The Clearance Sale at the Broadmoor Shopping Center, starting January 5, with those wonderful parking facilities and even more wonderful bargains — c'mon!! SELAH!!

Broadmoor Church Announces Topic

Theme of this Sunday's sermon at the Lutheran Church of Broadmoor will be "Arise O God and Shine."

Commemorating Epiphany ("Christmas of the entiles"), thoughts will be brought out in the sermon by Pastor Zschneider that the message of the Christ Child is for all people.

Worship is at 11 a.m. and Sunday school at 9:45 a.m. in the Broadmoor recreation center.

Meanwhile, Monday, January 9, at 8 p.m. the first meeting of Lutheran Church of Broadmoor's bible class will be held. Because of lack of space during the Sunday school hour on Sundays, this class, to which all adult Lutheran members and unchurched friends are welcome, will be held week-day evenings in private homes.

This is not a "membership class," but is for those in the Church as well as any others interested. Bring your Bibles along. A limited supply will be on hand to furnish those who do not have theirs with them.

The place will be the home of Mr. and Mrs. Martin Janssen, 1707 Louvaine drive. Bring the baby along, if necessary.

Collision Turns Truck To Scrap

Swerving to avoid another car as he drove his machine north on Mission Wednesday afternoon, a

Burlingame man collided head on with a pickup truck coming south.

Neither of the drivers was injured in the accident, which occurred 25 feet north of Market at 3:43 p.m. However, the pickup truck was classed a "total loss" and the car, driven by Kenneth M.

Hower, 39, 726 Paloma street, will need about \$300 worth of repairs.

Driver of the pickup truck was William C. Brown, 47, 6373 Mission street.

Hower told officers that he was on the inside lane when an unidentified car cut in front of his vehicle.

Wishing to avoid a collision he swerved over the yellow line and into the front of the pickup truck coming south, he told police.

Neither driver was cited, pending further investigation of the accident.

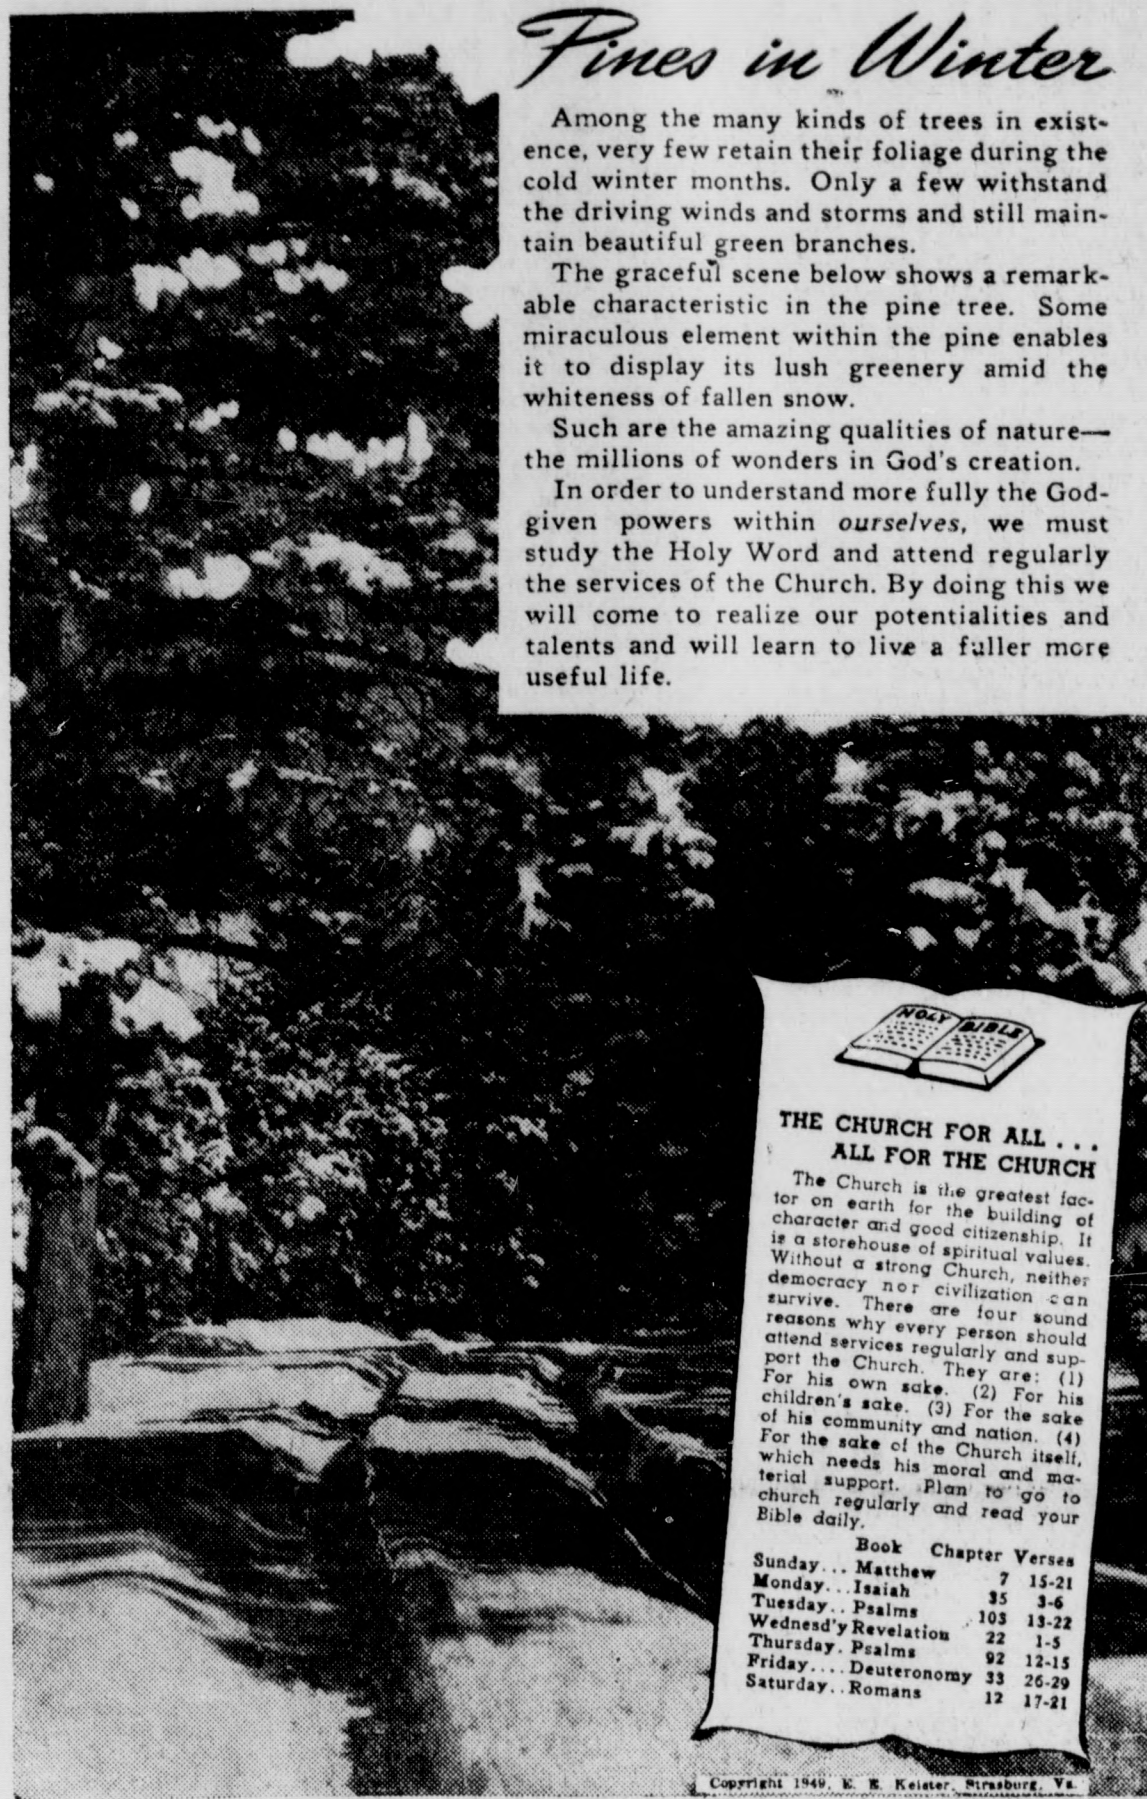

Pines in Winter

Among the many kinds of trees in existence, very few retain their foliage during the cold winter months. Only a few withstand the driving winds and storms and still maintain beautiful green branches.

The graceful scene below shows a remarkable characteristic in the pine tree. Some miraculous element within the pine enables it to display its lush greenery amid the whiteness of fallen snow.

Such are the amazing qualities of nature — the millions of wonders in God's creation.

In order to understand more fully the God-given powers within ourselves, we must study the Holy Word and attend regularly the services of the Church. By doing this we will come to realize our potentialities and talents and will learn to live a fuller more useful life.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his community and nation. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

GENERAL PERSHING PTA SLATES SALVAGE DRIVE LATE IN JANUARY

By Mrs. E. K. Whinnen

Dig out those old wool and cotton articles and hold them in readiness for the General Pershing PTA salvage drive, slated for the last week in January.

Decision to hold another drive, the last one was during the fall of 1949, was made by members of the GPPTA executive board that met recently at the home of Mrs. R. F. Traxler, 101 Crocker avenue.

It is hoped that parents of all children, whether or not members of the PTA, will cooperate as handsomely as they did last fall. As you may remember, the company will pass on any usable clothing to needy families brought to their attention by reliable agencies or organizations.

Material that can be used again will be turned in to waste goods, and the money given to the PTA.

Rayon and silk are not usable, and the rags should be no smaller than one square foot.

Further details on the drive will be published in a future issue of the "Record."

Meanwhile, the regular meeting of the PTA was held Wednesday of this week, instead of Tuesday. The meeting was put over one day to allow the women to rehearse for the playlet, "No Coffee for Father."

The play, which made such a hit at the 17th district meeting last fall, was greeted with much enthusiasm by the members Wednesday.

Like all organizations, Pershing PTA has its share of good and bad business relations. On the "good" side, Pershing PTA received a letter of appreciation from Elman Rose, head of the recreation department, thanking it for its help and cooperation at the Halloween and Christmas parties. The board also wishes to express to Mr. Rose its appreciation for his co-

Black Persian Cat Will Represent Daly City In Show

Persian by birth and black by color, Nani Lei Victory Amoe, Impy for short, will be Daly City's prize contender in the Golden Gate cat show this week end.

The beautiful two-year-old feline will be entered by its owner, Mrs. Sue Adams, 138 Santa Cruz avenue, Daly City. The show, held each year, is to be in Oakland at the Exposition building, Fallon street. It will run for two days only, Saturday and Sunday, January 7 and 8.

Chances are, friend Impy will return to Daly City with a good number of prizes. Last year, when only half so large, he took a blue ribbon in the novice all-breed class; a second in the solid color of the west, and a third in the open class.

Now, one year older, and weighing in at a majestic 20 pounds, Impy is a sure winner... at least this is the hope of Mrs. Adams.

Those interested in cats are invited to attend the big Oakland show. This year the event will be dedicated to Angus Ward and his wife, who brought back four cats from China. The Wards, although imprisoned by the Chinese Communists for many weeks, still had time to take care of their animals.

Besides Impy, there will be close to 200 cats to be shown and judged at the all-breed event. Among these there are to be Persians of all colors, Siamese, and the rare Russian Blue's, which are to be shown for the first time in this area. Another interesting cat on display is to be the Abyssinians, which retrieve small game from rivers and lakes.

BLACK, BLACK IS THIS DALY CITY CAT

Proudly displaying the fur "coat" he hopes to sweep to victory with in the Golden Gate Cat show this week end is "Impy," now residing with Mrs. Sue Adams, 138 Santa Cruz avenue, Daly City. Mrs. Adams will enter "Impy" (Nani Lei Victory Amoe) in the all breed show which opens in Oakland Saturday and will continue until Sunday, January 8. "Impy," who won blue ribbons at the show last year, hopes to do just as well in 1950.

New Arrivals In Daly City and Vicinity

To the wife of Charles Causse, 755 8th street, Colma, December 11, a son.

To the wife of Joseph D. Patten, 104 Los Olivos avenue, December 20, a son.

To the wife of Jack C. Harney, 154 Peoria street, December 20, a son.

To the wife of Frank R. Knowlton, 87 Bepler street, December 25, a daughter.

To the wife of James P. Comer, 53 Alexander avenue, December 26, a son.

To the wife of Woodrow Wilson Howett, 55 First avenue, December 15, a son.

To the wife of George K. McKinney, 836 Hanover, December 16, a daughter.

To the wife of Sheldon W. Parks, 760 Larchmont drive, December 23, a daughter.

To the wife of Robert D. Fish, 774 Maddux drive, December 27, a daughter.

To the wife of Walter B. Gieseler, 369 Niantic avenue, December 27, a son.

To the wife of Francis Piffero, 771 Maddux drive, December 28, a daughter.

DALY CITY GIRL DANCES INTO LAND OF SUGAR PLUMS

As one of the "Buffoons" in the recent San Francisco production of the "Nutcracker," Adalia M. Bautista (right), 10, 653 Hanover street, became a part of the Bay Area's Christmas celebration. The ballet, played to a packed house, was produced in the Opera House on Christmas day. Ballerina Jocelyn Vollmar, star of the production, supports Adalia and Maria E. Manzano, another child participant.

OREGON'S MOUNTAIN PEAKS

Oregon has thirty-one mountain peaks that are over 6,000 feet in height, according to the National Automobile Club. The highest of these peaks is 11,245 foot Mount Hood.

The government has \$60,000,000 worth of dried eggs in a cave in Kansas.

Interesting cat on display is to be the Abyssinians, which retrieve small game from rivers and lakes.

Daly City Girl Dances In S.F. Xmas Ballet

Adalia Marquez Bautista, 10, 653 Hanover street, was one of the participants in the "Nutcracker" grand Christmas ballet performed last week at the San Francisco Memorial Opera House and Sacramento Civic Auditorium.

One of the highlights of the complete rendition of this ballet by the San Francisco Ballet and sponsored by the Children's Theatre was the buffoon group of which Adalia was a member.

Adalia was born in San Francisco and went to the Philippines when she was two months old. There she was overtaken by World War II. She spent most of her baby days in hiding as her father was wanted by the Japanese invaders. When the Japanese finally captured her father, Adalia and her mother and brothers were frequent prisoners of Fort Santiago, Manila's torture prison during the Japanese occupation.

At the beginning of 1944, Adalia's father escaped from prison. At this time Adalia and her family were taken as hostages in Fort Santiago until the American liberation forces had landed in an island in the Philippines.

Antonio M. Bautista, Adalia's father, is missing up to the present. He received his Juris Doctor degree from the University of California.

With their health failing, Adalia, her mother and brothers were brought by the U. S. Army to the United States early in 1946.

Until recently, Adalia was living with her uncle, Dr. Marquez, 147 Oliver street. Now she is residing with her mother at the Hanover address. At present she is enrolled at General Pershing school.

Adalia studies at the San Francisco Ballet school, originally the San Francisco Opera ballet. Now, it is independent of the Opera company and is operated by the Christensen Brothers of International fame.

Mrs. Melvin Olson and Mrs. Everett Heagney as co-hostesses assisted Mrs. Adams in serving a luncheon.

Mrs. L. M. Hill, president, continued with plans for Jefferson high school's part in the joint Founders' Day program to be given in February, with all P.T.A.'s in this community participating. Also discussed were the entertainment and luncheon arrangements for the 17th District P.T.A. meeting, to be held at the Jefferson high school cafeteria early in the spring.

DOUBLE CHECK

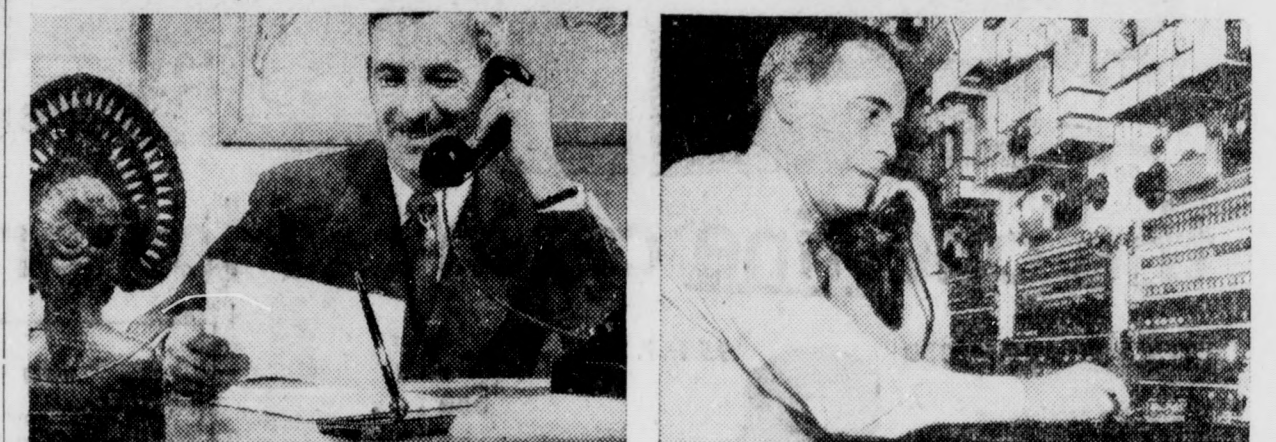

On open highways your speed tends to creep up more than you realize, with the result that you may be traveling at excessive speed. It's a good idea, says the California State Automobile Association, to check your speedometer reading occasionally; then check your speed if you are going too fast for safety.

Your voice can reach some 35 countries as easily as a nearby town. The low rates may surprise you.

"Calling Tokyo...4250"

How overseas service puts the world by your telephone

1. For doing business and keeping in touch with friends, overseas telephone service has become an everyday tool. In its twenty-two years, the calling rate has jumped from about 2,300 calls a year to 600,000. Today, your voice can be sent over short-wave radio to ninety-four per cent of the world's telephones...over circuits as long as 8,000 miles.

2. Skilled technicians in the circuit control room keep constant watch on their equipment to make sure your voice can hurdle the earth and still sound about as clear as a cross-town call. And overseas service is easy to use. Your Long Distance operator will give you the rates, the best time to call...and set up an appointment call for you if you wish.

3. In 1927, the lowest overseas rate from the West was \$84.00. Now the maximum to most countries is \$12.00 (plus tax) for three minutes. Many calls cost less. Making it possible to call almost anyone, at low cost, is another way we've made your telephone more valuable.

Your telephone is one of today's best bargains

Engagement Of Lee Martino To Jim Marchetti Told

On Christmas Eve, Mr. and Mrs. Lawrence Martino told of the engagement of their daughter Lee to Jim Marchetti of Millbrae. The announcement took place in the Martino's Redwood City residence, where family and close friends gathered.

The bride-elect was a resident of Daly City for 17 years and for the past two years has been living in Redwood City.

The future bride is employed as secretary for the S&W Fine Foods, Inc. in Redwood City and is also recording secretary for the Galileo Lodge in Redwood City.

Mr. Marchetti is the son of Mr. and Mrs. Bartholomew Marchetti. He graduated from high school in McCloud and attended Heald's College in San Francisco for two years. During the war, he served as chief storekeeper for the Cadet School at Coyote Point in San Mateo for five years. He is now employed as retail store manager for the Borden's company stores in Burlingame, San Mateo and Palo Alto.

No definite plans have been set for the wedding, but it will most likely take place in early summer.

Nearly three-fourths (70.6) of all whiskey consumed in the United States in 1948 was blended with neutral spirits.

Teachers Approve Films Showing At Daly City Theatre

Guests of the Daly City Theatre Wednesday night, teachers and local PTA members registered general approval of the theater's two latest films.

The representatives of Daly City's schools were invited to the showing of "Pinky" and "Christopher Columbus" by Dan Andersen theater manager.

Through the showing of this double bill, Andersen hoped to prove that the Daly City Theatre shows films which are not only entertaining, but often educational.

In his invitation to all teachers and PTA members, Andersen said: "These are only two of many films which we have chosen to show in the hope that you, your friends, and your children will gain some real knowledge of man and his world through the movies."

The guests present were agreed that in these two films, the Daly City Theatre had once again proved it shows nothing but the best in movies.

"I try to book only the best films possible," Andersen told his guests, "and we never have a movie here which has not passed the National League of Decency."

Andersen also pointed out that on Saturday afternoons, during the special show for children, films are chosen especially for the young folks.

The brines of Seales Lake are 36 per cent solids, of which three per cent is borax.

San Francisco has held the national record for telephones per capita for the past eight years.

Free Income Tax Advice Given Here

Here is an opportunity to save aspirin and headaches this year when filling out the income tax blank.

A specially trained agent of the Treasury Department, J. J. Profumo, will be in Daly City and Colma this month and during February to give out free income tax advice.

James F. Shanley, deputy collector in charge of the San Francisco office, said Profumo will be in Daly City from January 12 to 13 at the Bank of America from 10 a. m. to 3 p. m. He will return again on February 20 to 21 at the same place and hour.

Profumo will be at the Colma Bank of America from 10 a. m. to 3 p. m. on January 11 and February 15.

Remember, whether your income tax is in the small or large figures, this special agent will be at the Bank of America in Daly City and Colma to help you. This service by the Treasury Department is free of cost.

NOISE CONTROL VITAL

Silence in motor car operation is sought not alone to make motor more pleasant to the ear of the automobile-owning public, points out the public safety department of the National Automobile Club. Motor manufacturers are considering even of those who are not their patrons. In connection with their research in silence, they cite figures that showed that one-fourth of the population is exposed to traffic noises during its working hours.

Breslauer Murder Trial February 14 San Mateo Court

Two of the men charged with the murder holdup slaying of Daly City bookie Martin Breslauer will go on trial February 14 in San Mateo county superior court.

The two to be tried are Roy Teller and John "Midge" Ruano. The date for the trial was set Wednesday when the two appeared before Superior Judge Aylett R. Cotton.

Superior Judge Murray Draper will be the presiding judge in the murder trial.

Glenn McMains, who turned state's evidence in the case, will probably be tried at a separate trial. He pleaded not guilty when he appeared before Judge Cotton yesterday.

It is believed that McMains will probably be the key witness in District Attorney Louis B. Demattei's prosecution of Roy Teller and John Ruano.

Representing Roy Teller and Ruano will be San Francisco Attorney Andrew Bodisco. He indicated yesterday that his chief witness would be Roy's brother, Joe.

Meanwhile, Joe is due to enter a plea in San Francisco next Wednesday to the charge that he is an accessory after the fact in the Breslauer killing. He is now being held in San Francisco.

The fifth man involved in the September 28 killing, Cecil Alves, is still at large. He is being sought in the Los Angeles area.

Anderson To Run Again For Seat

Congressman Jack Z. Anderson (R), eighth district representative, will be a candidate for re-election in the 1950 primaries, he announced today.

The announcement came just before Anderson departed for Washington and the second session of

Young D. C. Boy Still Missing

Still missing from his home today is Wayne Richard Hyde, 14, 25 Los Banos.

Wayne is believed to have run away December 28, when at 4:50 p. m. he was sent to the post office with \$10 to get a \$5 postal note.

The boy's mother, Mrs. Nina Brooks, told police that her son had run away from home several times before. She gave no reason for his action.

When Wayne disappeared he was wearing a green shirt and a tan leather jacket. He is about 5 feet 8 inches tall, weighs 120 pounds, has green eyes and brown hair. Anyone seeing a boy of this description is asked to notify the Daly City police department.

17th District Exec. Board Meets

Executive Board of 17th District, California Congress of Parents and Teachers, will meet Monday morning, January 9, at 10 a. m. in the Burlingame High School Little Theatre.

Mrs. J. M. Foley, president, will conduct the business meeting. Association presidents have been asked to bring their state yearbooks and questions regarding annual reports.

Next general District meeting will be held Thursday, January 19, in Brisbane. Mrs. G. W. Lühr, State PTA President, will be the featured speaker.

Both meetings are open to all interested PTA members.

the 81st congress.

Representing San Mateo, Santa Clara, San Benito, and Santa Cruz counties in the House of Representatives, Anderson is a high ranking member of the House armed services committee. He also is chairman of the agricultural committee of the California delegation.

Council Promises Better Sidewalks

Better sidewalks in 1950 were in prospect this week as the city council directed Superintendent of Public Works A. J. Bodien to speed up the renewing of faulty sidewalk corners throughout the city.

After a survey of the situation, approximately six corners have already been removed and replaced with new concrete, but Bodien was requested to proceed with the improvement of approximately 20 additional corners as soon as possible.

Plans call for the old corners to be removed by city employees using the new compressor and jackhammer purchased by the city last summer, and for new concrete to be installed by private contractors.

With the city taking over responsibility for the corners, property owners are asked to see that sidewalks in front of their property are maintained in a clean and safe condition, Mayor Green stated.

AGAIN THIS YEAR THE BIG VALUE IS DODGE!

You could pay a thousand dollars more and still not get all the new beauty . . . extra room . . . famous ruggedness of this great new Dodge

Here's BIGGER VALUE in smart new styling . . . in ease of handling . . . in comfort . . . in sound engineering. And in actual dollars and cents, too, because the big new Dodge costs just a few dollars more than the lowest-priced cars.

Despite its smart, low, graceful lines OUTSIDE, Dodge is higher, wider, longer on the INSIDE to give you the roominess that spells solid comfort . . . that means extra room for your head, your legs. Less overhang front and rear makes parking and garaging simpler, easier.

See this great new Dodge. Sample the flashing performance of the powerful high-compression "Get-away" Engine . . . the smoothness of Dodge Fluid Drive. Come in today.

NEW BIGGER VALUE DODGE

Just a few dollars more than the lowest-priced cars!

NEW VALUE! You'll thrill to the smoothness of Dodge Fluid Drive, Gyro-Matic, to free you from shifting, optional on Coronet models at moderate extra cost.

Jeff High Cagers Schedule Announced; Opening Game January 13 With Sequoia

By Milton Tromborg

Underway this Friday, but without the Jefferson High cagers, will be the PAL basketball season.

Taking a bye, the Jeff High lads won't go out onto the maple floor until Friday, January 13, when they meet Sequoia for the first game of the season.

As defending champs of the PAL, Sequoia offers a real threat to any early wins for the Indians. Whether or not the boys from the south coast the title again this year is still a question. However, there is no doubt that Jeff is going to have a tough game.

Looking over the other games on the schedule, I believe the Jeff team is going to have a rough go of it, especially in the early part of the season.

A happy relief from the normal should come January 20 when the boys tangle with Half Moon Bay. From here, it appears this should be an easy victory for the Indians.

Their first game away from home ground will be played January 27 when they try to take Palo Alto on that team's floor. Always a strong team, Palo Alto is going to take some real handling to whip.

Again, on February 3, the cagers will travel and will take on Burlingame.

Still on the road, the Indians will go down to a Lincoln February 10 to meet a strong five.

On February 14, the Indians will be home again for a close game with San Jose.

Still playing host, the San Mateo Bearcats will meet the Indians February 17. San Mateo is not a very strong team, so this should be one of the best games of the season.

The Indians will meet the South City five in their Big Little Game on the night of February 24, and this game will be played at South City.

Here is the complete schedule for the Jefferson High Indians.

January 6: Jeff bye

January 13: Sequoia at Jeff

January 20: Half Moon Bay at Jeff

January 27: Jeff at Palo Alto

February 3: Jeff at Burlingame

February 10: Jeff at Lincoln

February 14: San Jose at Jeff

February 17: San Mateo at Jeff

February 24: Jeff at South San Francisco

AVOID SKIDDING

Skidding on wet highways is a frequent cause of winter traffic accidents. To avoid skidding, advises the California State Automobile Association, hold your speed down, and if necessary to stop, apply the brakes gently with a pumping action. If a skid starts, turn the front wheels in the direction of the skid until the car is again under control.

Union Liquor Hits Again For Lead In Jeff League

By Milton Tromborg

"Twas no surprise Tuesday in the Jeff High Night League when the Union Liquor quintet routed Tromborg Plumbers by the score of 45 to 24.

The Liquors did not have to work the ball in much, for all they had to do was aim and fire. The ball simply took to the air and went straight into the basket.

The Plumbers almost brought the game into a hard-fought second half when they were just 8 points behind, but their rally fell short.

High scorer for the Liquors was center Red Dunn with 15 to his credit. Frank Lawrence came close with 10, followed by Rudy Stuhler with 8 points.

The Plumbers were led by Al Hailer with 6 points.

As the game goes into the books, three straight wins are now recorded for the Liquors, and two defeats, one win for the Plumbers.

VETERANS TAKE NEVILLE

In the second game Tuesday evening, fine ball handling by the Veterans of the Inn took them to a 35 to 26 win over Neville Motors.

Led by Jack Rial, former player for the Galls of St. Mary's, the Vets had little difficulty.

High point men for the Vets were Rial and Welch, with 10 points each. Christenson came through for Neville with 12 points.

If you have just read about these teams, and have not seen them play yet, I will give you a rundown on the games already played.

In the opening game, December 6, the Colma Boys Club flushed out Neville Motors by the score of 54 to 21.

In the second game that night, Union Liquors took the Daly City Boys Club, 44 to 20.

On Thursday, December 8, Consolidated Schools defeated Tromborg Plumbers by the score of 43 to 24.

On the night of December 13, Union Liquors took their second win by dumping Consolidated Schools, 44 to 34.

Also on the same night, Tromborg Plumbers finally hit the winning side, by beating the Daly City Boys Club, 26 to 19.

In the last two games played before Christmas vacation, V. V. Merchants lost to Neville Motors by the score of 40 to 28.

And on the same night, the Colma Boys Club won a thriller from

EXCESSIVE SPEED

Excessive speed is still one of the most notorious causes of injury and death on our streets and highways, warns the National Automobile Club. Wise motorists adjust their driving to varying conditions and never drive at speeds that will endanger their own lives or the lives of others.

Veteran's Inn, 49 to 43.

This is the lowdown on all the games played so far, but there will be more in the next four weeks to come, so try to come down to the Jeff gym and see the boys play.

Here are the 10 leading scoring men in the league:

Name—Team	Pts. Scored
Dunn—Union Liquors	40
Rial—Veteran's Inn	34
Savely—Colma Boys Club	29
Johnson—Colma Boys Club	21
Christenson—Neville Motors	20
Murray—Union Liquors	20
J. Dederman—Consolidated	19
Parodi—Colma Boys Club	19
Stuhler—Union Liquors	19
Nassanio—Colma Boys Club	18

This is the scoring done up to the date of January 3:

SPORTS

Various Events Planned At SMJC During January

Students at San Mateo Junior College returned from their Christmas holidays to find a number of important events awaiting their attention.

First, the basketball team, following some fine practice games during the vacation period, is now competing in the state tournament this week end at Modesto where the best junior college teams of the state are meeting before the regular conference season opens. Coach

Ray Baisley has a strong squad this year, but indications are that all the conference opponents will be tough.

This Saturday evening the freshman class will sponsor a dressy dance, "Club 21," in the Coyote Point campus gym with Dick Cresta and his orchestra playing, starting at nine o'clock. Bob Kennedy and Paul Maranetti, along with other class officers, are in charge and announce that tickets may be purchased at the door.

Also, this week saw the opening of the annual winter electioneering that will result in the choosing of officers for the spring term. Students will go to the polls next week to select thirteen officers who will take the place of the fall term

group headed by President Olen Skaggs.

The Monday evenings of January 9 and 16 Edward Graves of Carmel, photographer and lecturer, will present two illustrated lectures, using color pictures, at the junior college. The Monday evening Community Hall programs, part of the adult center service to the Peninsula, are open to the public without any charge and start at 7:30 o'clock in the auditorium on Baldwin avenue. The first lecture will be on Yosemite Valley, the second on Death Valley. Mr. Graves' pictures are so outstanding that his collection has been duplicated for the national government.

KORNY KOPPY LIMERICK CONTEST BEGINS NEXT WEEK IN THE "RECORD"

Limerick writers, and we do mean YOU, sharpen up your pencils, dig out the rhyming dictionary, and prepare to win some 30 prizes.

Next week, in the "Record" begins a five-week contest to test YOUR ability at writing four- to five-line limericks. There is only one rule, and that is in some way the words must tie in with that new shampoo "PIP."

Full details on the contest, co-sponsored by the "Record" and France Laboratories Inc., will be published in next week's paper.

Meanwhile, we can tell you that the prizes will consist of five two-month supplies of "PIP" shampoo each week for five weeks. At the conclusion of the contest, five one-year supplies of "PIP" will be given the winners of the best limericks submitted during the five-week period.

There is nothing to buy, nothing to sell. Merely write a limerick, and win enough "PIP" to wash your hair for two months or a year, depending on your skill.

Remember, watch the "Record" next week for full details.

Dolwig To Speak Before Group

San Mateo Chapter, Council of Republican Women, will hold their regular meeting, Tuesday, January 10 at the Parish House, 1332 Fifth avenue, Belmont. The directors' meeting will be

held at two o'clock and the public is invited to attend at 2:30.

It will be their pleasure to have this district's own assemblyman, Richard J. Dolwig speak on the question of "Women in Politics."

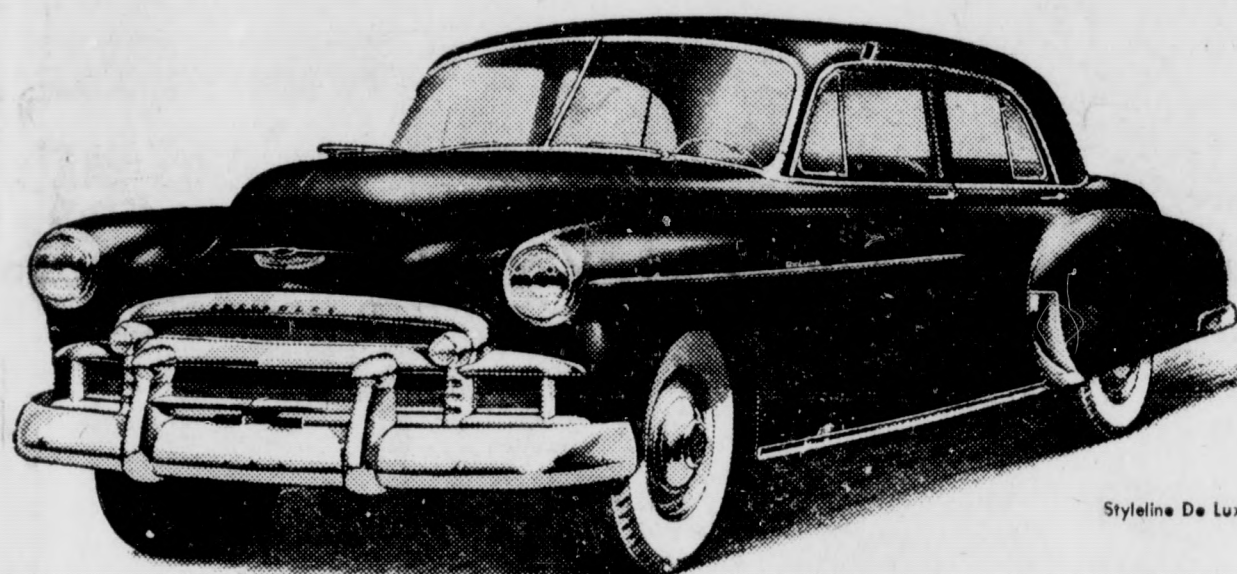

There will be a "no-hostess" lunch at 12:30 in Bondy's for the executive board preceding this regular meeting in Belmont.

On display Saturday—

1950 CHEVROLET

introducing **POWERGLIDE** automatic transmission

Optional on De Luxe Models at Extra Cost

Styleline De Luxe 4-Door Sedan

FIRST...and Finest...at Lowest Cost!

Chevrolet for '50 brings you the best of everything at lowest cost... greater beauty... finer performance with economy... outstanding driving ease, comfort and safety!

Here, in Chevrolet for '50, are the finest values the leader has ever offered to the motoring public.

These thrilling new Chevrolets are available in 14 surpassingly beautiful Styleline and Fleetline body-types. They bring you a choice of two great engines and two great drives—the Automatic Power-Team* and the Standard Power-Team—described

in detail below. And they also bring you quality feature after quality feature of styling, riding comfort, safety and dependability ordinarily associated with higher-priced cars, but found only in Chevrolet at such low prices and with such low cost of operation and upkeep.

Come in. See these superb new Chevrolets for 1950—the smartest, liveliest, most powerful cars in all Chevrolet history—and we believe you'll agree they're FIRST AND FINEST AT LOWEST COST!

ONLY LOW-PRICED CAR TO OFFER A CHOICE OF STANDARD OR AUTOMATIC DRIVING

THE AUTOMATIC POWER-TEAM*

(Built by Chevrolet—Proved by Chevrolet—Exclusive to Chevrolet)

NEW POWERGLIDE AUTOMATIC TRANSMISSION—for finest Automatic Driving (with no clutch pedal—no clutch pushing—no gearshifting). It combines with Chevrolet's new Economy High-Reduction Axle to bring you an entirely new kind of driving... low-cost automatic driving that is almost 100% effortless... it's the simple, smooth and thrifty automatic transmission. NEW 105-H.P. VALVE-IN-HEAD ENGINE (with Power-Jet carburetor and Hydraulic valve-lifters). Here's the most powerful, as well as the most thoroughly proved engine, in the low-price field... giving performance extraordinary... together with traditional Chevrolet economy in over-all driving.

*Optional on De Luxe Models at Extra Cost

THE STANDARD POWER-TEAM

(Outstanding for Standard Driving Ease... Performance... and Economy)

HIGHLY IMPROVED, MORE POWERFUL VALVE-IN-HEAD ENGINE (with Power-Jet carburetor and larger exhaust valves). The fine standard Chevrolet engine now made even finer... giving you more power, more responsive pickup, greater over-all performance... plus the outstanding economy for which Chevrolet has always been noted. THE FAMOUS SILENT SYNCHRO-MESH TRANSMISSION (with Extra-Easy Hand-E-Gearshift). Long recognized, by automotive engineers and the motoring public alike, as the pattern of smooth, quiet gear transmissions... assuring extremely simple and easy gearshifting... in fact, owners say easiest car operation, next to automatic driving itself.

New Cub Pack

Attention young men between the ages of 8 and 11.

A cub pack, the first in Daly City, is to be formed this month. All young boys are invited to become charter members, and especially those lads interested in joining the Boy Scouts at some later date.

Cub Pack No. 62 will hold its first meeting this Monday, January 9, at 7 p.m. at the General Pershing school.

All boys interested in joining are asked to be present at this first meeting. They are requested to bring their parents.

Real Values In Dodge Features

"The 1950 Dodge new features aren't just tricky names, they offer real value — value you appreciate the minute you take wheel," asserted Carl Haas, the Daly City representative with showrooms at 7070 Mission street.

In a nutshell, here are a few of the innovations Mr. Haas referred to: Knee level seats, front and rear; headroom front and rear, not only in the middle but at the sides of the car; width of seats with elbow room; leg-room front and back with stationary foot rest rear; adjustable front seat which rises as moved forward; unequalled road

vision for driver; flashing pickup of "Getaway" engine; Gyro-matic transmission; convenience of instrument panel controls; wide opening doors for easy in and out; and all-weather comfort system.

Mr. Haas emphasized that the new Dodge features combined practicality with strength and beauty. He pointed first to the grille as an example, stressing the solidarity and graceful design of it.

Then touching on the appearance, he said that one can easily see how the hood and fender lines help make the car look long and low with a road hugging appearance.

"But one of the really big reasons why everyone will like this car is the big, roomy interior," Haas said. Plenty of headroom and legroom with seats that are wide enough for real comfort. It is really roomy.

"Now notice how high and wide the door opening is. Inside, you will find comfort in the knee level seats. There is under-the-leg support, distributing your weight instead of concentrating it on the base of your spine.

"The seats are very wide. There is plenty of room, both elbow and hip room. Then there is the three-pillow construction of the seats, insuring a soft balanced seat for each rider.

"Take a look at the headroom. There is extra space so that one doesn't have to cramp over. Now down to the floor where you see an indented foot rest, preventing cramped toes.

"As to the fenders, they are something. They are practical too. For instance if you ever require repairs or replacements, the mechanic just has to loosen a few bolts, and off it comes.

"Look at the Safety rim wheels. They have a protective ridge around the inside of the rim which keeps the tire seated in case of a blowout. Then the luggage compartment lid is spring balanced for easy lifting. And there is plenty of room in it.

"Glancing up, you will notice that the rear window gives plenty of seeing area. In fact, your vision is not hampered at all, and you can see everything behind you.

"Next, we come to the Dodge 'Getaway' engine. There is no use getting all nut and bolts about it. We haven't time. But the acceleration is instantaneous what with a 103 horse power and the number of innovations.

"Then there is the gyrul fluid drive which gives silky smooth operation and cuts down wear by reducing strain on the engine and drive train. This feature has to be experienced to be appreciated."

Mr. Haas said he could go on and on about the 1950 Dodge, however, explanations are not adequate. He said that only actual contact with the car will demonstrate its capabilities.

Police Searching For Two Alleged Teen-Age Thieves

Looking for two teen-age boys today, Daly City police believe at long last they have a possible solution to a recent series of burglaries in Daly City.

The two young thugs were almost apprehended last Thursday noon when they allegedly attempted to break into the home of George Themoleas, 883 Hanover street.

C. A. Bailey, 349 Winchester, spotted the two boys walking back and forth in front of his store, which is near the Themoleas residence.

Becoming suspicious, Bailey paid careful attention to the young men. Then, when he heard a noise at the Themoleas home, he dashed out of the store in time to see the boys coming down the front steps.

Bailey asked them if Themoleas was home. They said, "No." Continuing up the stairs, Bailey saw that the glass pane next to the front door had been broken.

Quickly, he turned and ran down the steps. However, the two unidentified lads had a head start. Bailey chased them up Hanover, but lost them on Templeton street.

Police asked all residents today to be on the lookout for the two boys described by Bailey as:

No. 1: Blonde hair, about 5 feet 6 inches tall, medium build and about 18 or 19 years old. No. 2: Black hair, small black mustache, about 5 feet 10 inches tall, and

San Mateo Veterans Office Hours Change

Floyd D. Granger, veterans service officer, San Mateo county, announced today that beginning next week, on January 5, he will maintain office hours at 30 B street, San Mateo, on Thursdays and Fridays from 10 a.m. to 3 p.m. instead of on Wednesdays and Fridays as heretofore, for the convenience of veterans and their dependents living in that area.

Full time office hours are held in the San Mateo county courthouse, Redwood City, from 9 to 5 daily, and 9 to 12 noon on Saturdays, where members of the staff are available at all times to supply information and assist in the compilation of claims for federal and state benefits.

Also of medium build and about the same age as No. 1.

Anyone spotting boys of this approximate description, who are strangers to them, are asked to call the police immediately at JU 5-4212.

Meanwhile, Mrs. John Fetta, 882 Hanover, a next door neighbor to Themoleas, said that December 19 two young men fitting the aforesaid descriptions came to her home. When she answered the door they said they were salesmen, but when she questioned them she found they had nothing to sell.

Police are working on the theory that possibly these are the same "gentlemen" who are responsible for a number of burglaries in Daly City over the past three months.

DALY CITY—COLMA

Guest speaker at the Lions Club Wednesday was Charles Garry, San Francisco lawyer.

Garry "punch hit" for another guest speaker who was unable to appear. The topic of his talk was the present method of trial by jury.

He asserted that in many California counties the veniremen are hand picked either from an economic or political class. This, he said, did not give the defendant an opportunity to be tried by a cross section of his fellow citizens.

Coming to the defense of San Mateo county, Judge W. J. Sweeney asserted this was not true here. He said that San Mateo county juries are chosen according to the state code, and not by any other device means.

In this, Garry agreed.

DEADLY DRIVING

An inattentive driver traveling at excessive speed makes a deadly combination on the highway. Keep alert, urges the California State Automobile Association, and remember that excessive speed is any speed too fast for prevailing conditions.

HOGGING THE SHOW—"Hots" Michels, right, helps Hal White entertain the pigs that White raised inside the city limits of Chicago. Billed as "city-bred" hogs, the porkers were featured at the International Livestock Show in Chicago.

GOING TO DENMARK—The nation's first woman ambassador, Mrs. Eugene Anderson, pauses in Chicago en route to Denmark to take up her duties. She is traveling with her family from their home town, Red Wing, Minn. The Anderson family is, left to right, Hans, 11; Mr. and Mrs. John Anderson, and Johanna, 15.

San Francisco's Civic Auditorium was built and given to the city by the Panama Pacific Exposition Company in 1915.

Population of the eleven Western states has grown from 8,900,000 in 1920 to more than 18,000,000 in 1948.

"Record" Reminiscence

From the "Record" 10 Years Ago January 3, 1940

Work began today on the construction of Daly City's new \$2,700 dog pound on the hill below Water Reservoir No. 3.

Rain and wind did not deter the Daly City band, under the direction of George E. Brenner, from turning in a good performance at the Shrine East-West game, January 1.

All six companies of the Daly City fire department have now elected new officers for the year 1940. Captains include: No. 1, Kai Petersen; No. 2, Gus Ford; No. 3, L. Kennedy; No. 4, A. Sundstrom; No. 5, J. Welsh; No. 6, A. Benasini.

Mr. and Mrs. Espie Stafford won first prize for the best Christmas decorations in Garden Village last week.

Bruce H. Boynton, WPA recreation department head, resigned from the committee which was to investigate the price of the old Vista Grande school tract.

There were only two traffic fatalities in Daly City during 1939.

The second of a series of four jitterbug contests will be held at the Night Owls dance, Lovchen Gardens, this Saturday night.

From the "Record" 20 Years Ago January 3, 1930

A new feature was added in Daly City to the usual New Year celebration when the chimes rang out the old year and rang in the new.

Tuesday evening a number of friends of Mrs. E. R. Trier were entertained at their home, 158 Woodrow street. Among those present were Mr. and Mrs. Ed Ford, John Matzek, R. A. Canine, Laurence Rusting, John Dempsey, Jack Ferro, Gus Grieder, Tony Matzek.

The Jefferson All-Stars lost three stars this week. Joe Drucker, short stop, and Fred Strand, catcher, joined the Ferrera Hardware aggregation. Pat Sloan, first baseman, returned to the Kahn and Keville team.

John Bianchi, who recently suffered from an attack of poison oak, is well on the road to recovery.

Fire And Smoke Damage D. C. Home

Awakened from a sound sleep by black smoke early last Thursday morning, Mrs. Nick Saarinen, 253 Miriam, rushed into her kitchen to find one wall in flames.

Quick thinking, and an alert neighbor probably saved the house from being burned to the ground.

Mrs. Saarinen called to a neighbor who in turn phoned the fire department. While waiting for the blaze busters to arrive, Mrs. Saarinen threw dish pans full of water on the fire which was centered behind her wood burning kitchen stove.

After the firemen had brought the blaze under control, it was found to have originated in a wood box behind the kitchen stove. Mrs. Saarinen, as well as hose hoisters, are puzzled as to how the fire was started.

When the smoke had cleared away, Mrs. Saarinen found one wall burned, and her whole kitchen blackened by the dense smoke.

The irony of the fire is that only six months before Mrs. Saarinen had spent a good number of dollars repainting and decorating the now blackened kitchen.

CARE AT RAILROAD CROSSINGS

Motorists should use care at railroad crossings, advises the public safety department of the National Automobile Club. Distances can be deceptive and a car can get stalled while crossing the tracks. The wise motorist always comes to a full stop, takes a good look and a long listen, and "plays it safe" at railroad crossings.

NEW YEAR'S RESOLUTION

A New Year's resolution that all of us are advised by the National Automobile Club to make and keep is that of walking and driving more carefully during 1950. Only by being conscientiously alert and cautious whenever walking or driving in traffic can we help to reduce our tragic traffic accident toll that during 1948 took 32,000 lives in the United States.

ACCENT IS ON STYLE IN 1950 CHRYSLER MODELS

The Chrysler 1950 New Yorker four-door sedan, with restyled longer rear fenders, more massive bumpers, new radiator grille, better visibility from the larger rear window and powered by the 135-hp. Spitfire engine.

Rear view of the Chrysler Windsor series Newport, a new steel top "convertible" with distinctive styling around the rear window and no window or door posts to obstruct the view when windows are down.

Interior of the 1950 Chrysler New Yorker four-door sedan, showing the new arm rest on the doors, a waffle pattern in the door panel upholstery and the center arm rest in the rear seat.

Completely new and distinctive styling, producing added beauty inside and out, features the 1950 Chrysler line. Among the important improvements are a new grille, longer rear fenders carried to their full height almost to the rear of the car; a new and artistic grouping of tail light, stop-light and turn signal flush mounted in each rear fender, giving sleek, graceful rear end lines; a new rear window with 27 per cent more glass area; changes in the instrument panel; and larger brakes on the six-cylinder models. Nineteen body styles are offered in the Royal, Windsor, New Yorker, Saratoga and Crown Imperial series.

Newport Model Is New
There is a slight increase in exterior width, length and height. Interior dimensions

remain unchanged, retaining the generous head room, leg room, chair-height seats and ease of entrance and exit that have proved so popular in the 1949 models.

One entirely new model, the Newport, has been introduced. This is known as a special club coupe, but in effect it is a hard top convertible available on both six and eight-cylinder chassis. It offers the sleek lines of a standard convertible, with a fixed steel top. Chrysler's new self-energizing disk brakes are standard equipment on the Town and Country Newport, as well as on the Crown Imperial models.

Appearance improvements begin at the front bumper, which is wider and more massive, and are carried through to the rear bumper. Different

styling features have been incorporated in the sixes and in the eights, so that one is readily distinguished from the other at first glance. Among the points of difference between the two lines are the parking lights, the length of the molding on the front fender, the nameplate on the front of the radiator and the wheel cover.

15 Standard Body Colors
Upholstery options have been increased and finer fabrics are offered. Fifteen standard body colors and four special colors are available, nine of them entirely new.

The new 12-inch diameter brakes adopted for the sixes have 15 per cent more lining contact area than the 11-inch type formerly used. This results in lighter brake pedal pressure and greater reserve

Last 1949 Session Of Police Court Nets Daly City \$105

Closing police court for 1949, Judge W. J. Sweeney heard five cases last Friday.

All of the defendants pleaded guilty to various charges, and when the court clerk closed the book on another year, \$105 was added to the city's coffers.

Stiffest fine was meted to Milo C. Hume, 544 Bellevue, after he pleaded guilty to being drunk in and around an automobile. He was fined \$50.

Judge Sweeney fined Mrs. Irene May Landolt, Sharp Park, \$50, but suspended \$25, for being drunk in and around an automobile. Mrs. Landolt pleaded guilty to the charge.

Another \$30 was collected from three men who pleaded guilty to separate counts of disorderly conduct and were fined \$10 each. They were: Glen Aglin, 242 Miriam; Arthur R. Schenk, 165 11th street, San Francisco; Victor Fredsen, 1390 California, San Francisco.

Answers to TEST YOUR I. Q.

1. William Howard Taft. He weighed over 300 pounds at the time he took office.
2. Charles Curtis, whose mother was a full-blooded member of the Kaw Indian tribe, was appointed in 1907 to fill an unexpired senatorial term. He was later elected to the post of vice president of the United States under Herbert Hoover in 1929.
3. The Earl of Sandwich, an inveterate card player, invented the means of serving the food item so that he could eat undisturbed by the use of table utensils. The nickname was derived from the English lord's title.
4. James Buchanan was our only unmarried president.
5. The first teachers' convention to be held in the United States took place in January, 1831, at Utica, N. Y.

Here's The Man Who Knows; Ads Pay Dividends

Newspaper advertising was given the major portion of the credit in making Jolly Time Pop Corn 'the most preferred pop corn in the world' by Howard C. Smith, president of the American Pop Corn Company.

He announced an extension of the company's advertising in the newspapers of all 48 states, Hawaii, and Canada for the year 1950.

"Our advertising in local newspapers is the backbone of all Jolly Time sales promotion," Mr. Smith said. "Year after year, sales surveys show that in cities where Jolly Time Pop Corn is continually advertised, it is also first in sales. We ask for no better proof of the power of newspaper advertising than what is shown in our sales records."

This season, newspaper advertising for Jolly Time Pop Corn will be the largest in history.

"We have increased our newspaper advertising each year," continued Mr. Smith, "and each year our sales have shown a corresponding increase. We are so firmly convinced of the effectiveness of newspaper advertising that there is much we would do without before we would consider dropping our valuable newspaper advertising."

TEST YOUR I. Q.

1. Who was our heaviest President?
2. Who was the first Indian United States senator?

3. How did the word "sandwich" come to refer to that item of food?
4. Who was the only unmarried president of the U. S. A.?
5. When did the first teachers' convention take place?

A typical Columbia sheep grows a fleece weighing in excess of twelve pounds within a twelve month period.

ATTENTION!—

HOME OWNERS OF SAN MATEO COUNTY

Do You Want

1. LOWER TAXES?
2. MORE DIRECT REPRESENTATION?

Of Course You Do!

THEN READ THE FOLLOWING
IMPORTANT-TO-YOU MESSAGE:---

In 1948 a charter study committee made up of housewives, clubwomen and business executives, representing every section of our County, presented to the Board of Supervisors, certain charter amendments which would have put a THOROUGH CHECK ON COUNTY EXPENDITURES.

The Supervisors ignored the proposed amendments without giving the voters an opportunity to express themselves.

A group of home owners have now decided to force the Board of Supervisors to give the voters of the County their right to express themselves on these amendments, so in all probability you will be approached within the next few days to sign a petition listing similar amendments.

The ABOVE ACTION seems to be the ONLY WAY to prevent the EVER INCREASING TAXATION on our HOMES.

PLEASE NOTE THESE FIGURES:—

ATOMS BATTLE DISEASE—Dr. Max Bindig of Munich, Germany, and his assistant, Hildegund Handke, demonstrate treatment of the lungs by the "atomic ball," making use of atomic radiation in the battle against diseases. Dr. Bindig's "Vibrato-Atomizer" is reported a big step forward in atomic medicine.

Social Security Tax Increases

No, there wasn't any mistake in your paycheck this week. That extra money deducted is for the new 50 per cent raise in social security taxes.

The tax rate, for both employees and employers, jumped from 1 to 1½ per cent January 1. This is the first boost in 14 years.

Ever since the original Social Security Act was passed in 1935, Congress has annually rushed through a bill postponing a scheduled "automatic" rise in the tax rate. This year Congress failed to postpone the rise. It was no oversight on the part of Congress, but a deliberate step geared to President Truman's program for expanded social security coverage and benefits.

Presently, the payroll tax on both employers and employees will rise again on January 1, 1951. By 1960 the tax will amount to 2½ per cent, and by 1970 it will reach a peak of 3½ per cent.

Photographer To Lecture At SMJC

Edward Graves, noted photographer from Carmel, will present illustrated programs at San Mateo Junior College Monday evening, January 9, and 16.

He will show color pictures of Yosemite Valley the first night and Death Valley the second night. The lectures are part of the regular Monday evening program arranged by Community Hall of the college adult center. The programs start at 7:30 p.m. in the college auditorium and are open to the public without charge.

January 3 the college adult center opens its winter quarter with nearly 170 sections of work available for men and women. The complete schedule of classes can be obtained at the college office.

LEAD DARTMOUTH TEAM—Tor Arneberg, left, of Oslo, Norway, and Dartmouth coach Walter Prager will guide the Dartmouth ski team in the Eastern Intercollegiate competition. Arneberg, captain of the Hanover, N. H., team, won skimeister titles at both the Dartmouth and McGill Winter Carnival meets in 1948.

Sometime in February, money from this sale will be used for the Centennial Fund.

Open installation ceremonies are scheduled February 1, at which time Mrs. Jean Andrews will become Castro's new president.

Carrying on their work of helping those in need, the ladies made it a point to cheer some 71 children in the tubercular ward of the

County Population Doubles In Decade

San Mateo county population over the past 10 years has shot up 111.6 per cent from 111,782 in 1940 to an estimated 236,500 in 1950.

These figures were made available today by the California Taxpayers' association. On the basis of the 1950 population estimate, San Mateo county ranks tenth among the state's 58 counties in population.

During the 1940 decade, statewide population increased 55.3 per cent.

Contra Costa county showed the largest population increase with 194.1 per cent. Close behind was Solano county with 133.5 per cent. Next was San Mateo county.

Insurance Checks Begin January 16

Payments of National Life Insurance dividends, ranging from 90 cents to \$528, will be mailed to veterans beginning January 16.

Veterans who have money coming from the dividends will be paid off according to their serial numbers. The last three digits of the military serial number should indicate approximately when "pay day" is due, the Veterans Administration said.

Here's how to figure when you will get your check: If your last three numbers are between 000 and 250, the dividend check should arrive by February 15; from 251 to 500, by March 15; from 501 to 750, by April 15; and 751 to 999 by May 15.

The VA cautioned there may be unforeseen delays. So if you don't get your check according to schedule, there is no need to worry.

Start 1950 In Navy Blues

Those interested in joining the U. S. Naval Reserve (active or inactive) are invited to visit or phone the Navy Recruiting Station, Post Office building, San Mateo, phone DI 4-2781.

Only members or organized divisions which Reservists join of their own will, are required to attend two-hour weekly training drills and go on an annual two-week cruise. They are paid in accordance with their ratings for attending the drills and going on the cruise. They may also withdraw from the Reserve in peacetime whenever they wish, but, it is pointed out, few have done so.

Naval Reserve training can increase civilian earning capacity, as excellent training is offered in many fields in the Naval Reserve. For example, hundreds of Bay Area men have become expert radiomen and repairmen through Reserve training.

VELVET VOODOO — This slinky "voodoo black" velvet formal is studded with black paillettes. The strapless bodice tops a flaring peplum and slender skirt that is finished with a tailored train. A matching jacket, with stand-up collar and wide kimono sleeves, provides cover.

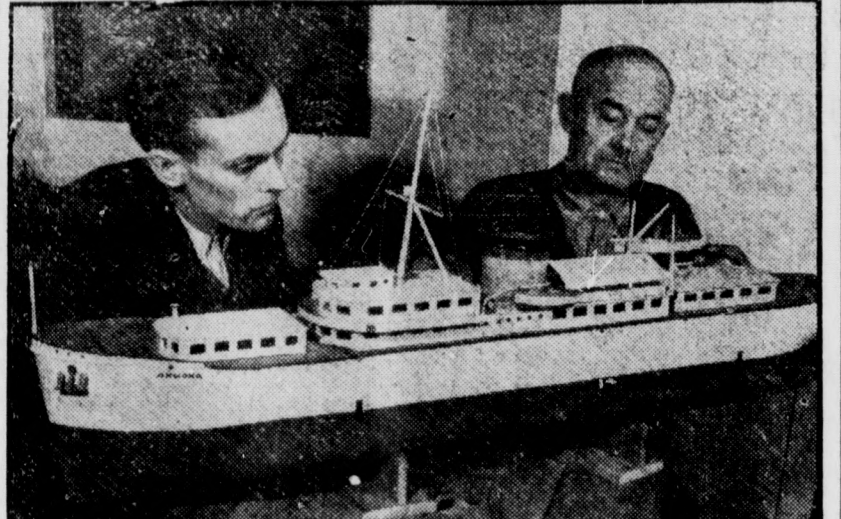

Vic Vet says

FOR YOUR OWN PROTECTION MAKE GI INSURANCE PAYMENTS BY MONEY ORDER OR CHECK ... DON'T SEND CASH!

WHY MUFFLERS BLOW OUT

Why should the muffler blow out when the car is allowed to coast with the gears engaged and the ignition cut off? It happens this way, according to the National Automobile Club: the running engine draws fuel that, due to the absence of a spark, is not fired. The gasoline thus escapes from the combustion chamber in a liquid state and runs down into the muffler. When the ignition is turned on again, the tremendous heat of the exhaust gases ignites the gasoline in the muffler causing it to explode.

FINISHING TOUCHES — Wenzel Beck, refugee from eastern Europe living in Frankfurt, Germany, and his son put the finishing touches on their latest ship model—"Arkona"—before testing it out in a swimming pool. Father and son worked 300 hours to make their ship seaworthy, using just their hands and a few tools. The funnel bears the black, red and gold colors of the new German Republic.

Take Care When Driving!

Please Drive
Carefully
Prevent
Death!!

But for the Grace of God — This Might Be You

The open road is too often an incentive to speedy, reckless driving. With the intoxication of the wide open spaces, we are inclined to tread a bit too heavy upon the gas pedal. Too often this results in a reckless carelessness that invites tragedy. He who is reckless . . . is never reckless. A few moments before these people were enjoying all the benefits of living in our glorious country. They had a car and the privilege of a free people to go wherever their fancy took them. A blinding flash . . . and tragedy struck making shambles of these laughing, joyous people. "A FOOT ON THE BRAKE IS WORTH TWO IN THE GRAVE."

Please Drive
Carefully
Prevent
Death!!

PLEASE DRIVE CAREFULLY!

HEED THESE WARNINGS!

Daly City Automobile Show

REFRAIN FROM RUNNING NEAR TRAFFIC

Pedestrians who wear rubber overshoes during the rainy weather should refrain from running near traffic, advises the National Automobile Club. Rubber overshoes, like smooth tires, will slip easily on wet pavements. And a slip near traffic can be fatal.

ALERT FOR TROUBLE

When you drive, don't look for trouble but always be on the alert for it, urges the California State Automobile Association. Note the actions of other drivers and be prepared to act quickly in case of an emergency.

WM. J SWEENEY 1950 Studebaker

William J. Sweeney & Sons, local Studebaker dealers, announce that public reception of the new 1950 model Studebaker has been exceptionally gratifying.

The 1950 "Next Look" and "Miracle Ride" in the new cars makes these models "bell ringers" matched, in recent automobile history, only by the introduction of the 1947 Studebaker which started the "New Look" in cars.

The 1950 Studebaker sets another new style — the "Next Look" in automobiles. It has stepped up its engine performance with more horsepower retaining the same famed economy with the automatic overdrive transmission. The new riding quality of the 1950 models is truly a Miracle Ride because of the longer length and entirely new front spring suspension. Interiors are entirely new with new foam rubber cushions and attractive new dashes and instrument panels.

Studebaker's slogan — Take a Look — Take a Ride — You Will Take It Away — is truer today than ever before.

Forty years in the same location. Very few automobile dealers in the country can claim that slogan — however, the Sweeneys can.

Back in 1909 William J. Sr., the judge, started a blacksmith shop at Wesley and Mission and when the horseless carriages started crowding out the horses he enlarged the shop which eventually became exclusively for autos. In 1926 he built the first reinforced concrete building, which now is part of the attractive modern Studebaker dealership at 6800 to 6806 Mission. He took his two sons in the business and has expanded sales and service to greater proportions than ever expected. After forty years in the business he insists that his original policy of quality merchandise, honest dealing and personal service to the public will always result in a successful business.

The Sweeneys invite the public to drop in and enjoy a thrill in motoring with the new 1950 Miracle Ride.

GRAND CHAMPION STEER—Bonnie Lu Logan, 15, of Van Wert, O., hugs her black Aberdeen Angus steer, Lin-Lo, for winning the junior grand championship ribbon at the International Livestock Show in Chicago. A 4-H Club member, Bonnie Lu has raised cattle for the past six years, netting \$6000 in sales during that time.

For 20 years previous to 1944, damage caused by insects and diseases to California's forest was greater than that caused by fire.

More than 32 million persons will visit the 181 national parks and monuments in the United States during 1949, it is estimated.

Below are listed the various Daly City automobile firms showing the bigger and better 1950 automobiles:

MISSION AUTO CO. 1950 Chrysler

Featuring the newest long, low and lovely look in fine automobiles, the 1950 Chrysler went on display today, January 5, at Mission Auto Co., 6465 Mission.

With a beauty, smartness and style all their own, the 1950 looks like no other car on the road.

A. L. Timossi, Mission Auto Co. manager, today invited all residents in Daly City to come to his showroom to examine the sleekest looking automobile in its field.

Among the many new features on the 1950 models are:

1. A larger, more powerful engine which includes the finest in modern engineering.

2. A new grille that enhances the beauty and widths of the front of the car.

3. New front and rear fenders with long, sweeping lines that make the car look lower and longer.

4. Bumpers in both front and rear with integral bumper guards that form the frame for the license plate.

5. New rear window — three-piece curved glass — giving greater visibility and greatly enhancing the smartness and individuality of the back view of the car.
